HBK JOURNEY

Message from the Managing Trustee

The team of trustees work closely with the principals and the staff, in order to help the children at The H.B. Kapadia New High School achieve their full potential, in a happy and caring environment.

The school has strong leadership and provides clear vision and direction for our very committed team of educators. It is an environment in which teachers want to stay and where everyone works together to uphold the ethos of the school. We are all proud of our school; teacher, children and parents alike. It is joy to see the children attend any activity where they represent the school; whatever the function, talent contests, curriculum competitions or interschool meets, they are proud to say they go to The H.B. Kapadia New High School. We value parental views and believe that we should work together to create positive school ethos which encourage children to be independent, responsible and thoughtful. We enable our children to become resilient and confident whilst recognising that they still need help and reassurance along the way. A happy child is one who learns.

If you choose to send your child to The H.B. Kapadia New High School, we look forward to working in partnership with you over the coming years.

Muktak N. Kapadia

Welcome

to The H.B. Kapadia New High School

I would like to wish you a very warm welcome to The H.B. Kapadia New High School. We are a strong and caring community where every child is valued, encouraged and supported to achieve their full potential.

At HBK, we believe that it is our responsibility not only to educate the children but also teach them skills to prepare them for higher education. Our goal is to help every child excel in life by inculcating the virtues of **Self-confidence, Concentration and Firm Determination.**

We have high expectations of our children at HBK and I am always proud of the way they respond to this challenge, with the support of our excellent teaching team.

We have a talented and committed team of educators to make sure that we respond to each child's individual needs. HBK also provides a wide range of enriching activities including residential and day trips, music, performance and sports, which all contribute to ensuring that our children enjoy their time at school.

We actively encourage parental support and involvement in their child's education. It is the strength of our relationship with parents that helps children to thrive and succeed through their journey throughout the school life.

I hope you will enjoy reading our prospectus and that you get a good feel for the character, values and achievements of our school. If you would like further information, please visit our website at www.hbkkapadia.com or contact the school office to arrange a visit.

Success
at HBK

Our board results are consistently among the best in the state

Many children leave HBK having achieved academic levels well beyond the average of their age. By regularly assessing all our children, we ensure that learning is shaped to challenge each child whilst reflecting their individual strengths and needs. We keep parents regularly updated on their children's progress and achievements.
